Our America. Our Future.

I.O.U.S.A.

By Patrick Creadon and Christine O'Malley

Wake up, America... We're headed for a financial meltdown! Veteran filmmaker Patrick Creadon (WORDPLAY) boldly examines the Nation's four key deficits and their alarming consequences. As the Baby Boomer generation retires, the cost of their Social Security and Medicare benefits will severely strain federal financiers. Burdened with an ever-expanding government and military, overextended entitlement programs and debts to foreign countries, America must mend its ways, the film contends, or face an economic disaster of epic proportions.
